Name Tape Information

Instructions for positioning of embroidered name tapes:

- To be stitched in the back neck for all Polo's, Sweatshirts, Athletics Vest Waterproofs and Baselayers. The only exception is the Reversible Rugby Shirt; this requires the name tape to be sewn into the inside of the neck placket, making it invisible whichever way it is worn.
- To be stitched in back waistband of all tracksuit bottoms, skorts, shorts and baselayer/Lycra shorts.
- To be stitched vertically on all sock turn-over-tops (or on sole).

Loops to be put onto all towels and Boilersuits for hanging on changing room hooks. Suggested length of tape 25cm, folded over making loop of approx 10cm.

The Initials badges for the sportswear as diagram below, the rule of thumb being all Polos, Sweatshirts, Athletics Vests and Waterproofs to be placed on left hand side either just below the emblem or if no emblem exists, where the emblem would be. Exception, Rugby Shirt only stitched on the navy side, beware stitches showing on the light blue side. The shorts and skorts should have the badges on the bottom right hand side.

There is no requirement to have the Initials badges on the Baselayers, Lycra shorts, Tracksuit Bottoms, Cricket Shirts and Cricket Jumpers.
